

## War Dead Honored at Armistice Service

Members of Canadian Legion Addressed by Rev. H. D. Bevan on Sacrifices of War

The commemorative service held under the auspices of the Canadian Legion in the citadel of the Salvation Army on Thanksgiving Day was attended by members and their friends, the main address being delivered by the Rev. H. D. Bevan, of St. Paul's United church.

The service opened with the singing of "O Canada," followed with prayer for the fallen and the bereaved by Mr. Holmes. The lesson from Revelations was read by Captain Hind, who also welcomed the people to the citadel, on behalf of the Salvation Army. Seated on the platform representing the town council was Mayor Burns.

The address by Mr. Bevan dealt with some of the lessons learned as a result of the war, and with his observations and personal experience as a soldier in the Canadian Expeditionary Force. He referred to the men who had gone forward in a great cause, determined to beat off the aggression of Prussian militarism. There were men who in the early part of the war had regarded it lightly, and thought it would be over in a few weeks. Others had been totally indifferent, and said the war would not bother them unless it came to their own backyards. Little they knew of the suffering and sacrifice borne by France and Belgium which had suffered the ravages of war, and that was why men had sprung to arms in defense of the Empire, to keep the war out of their own backyards, and to keep it as near to the territory of the enemy as possible.

He related in graphic style his experiences and reactions of thought on various phases of life during the war, and of the joys of homecoming. Passing the south coast of Ireland on the return trip, the last object of interest seen as the land faded from view was a little white church surrounded by the Cross; then after a week's voyage across the Atlantic, and as they approached the shores of Canada, many men stood for hours in the foremost part of the ship anxious to get the first glimpse of their own land. Again the first object to stand out as their eyes swept the shore line was a church, with its cross, and surely this symbolized the suffering of the war, the same as it did the suffering and sacrifice of Jesus Christ.

Though this was Thanksgiving Day, yet it was a day of remembrance. Such a day could not be given up to enjoyment entirely. There were thousands who on the occasion of the Armistice anniversary were reminded more forcibly

## IN FLANDERS FIELDS

The following two verses of the poem, written during the war by the late Lt.-Col. John McLean, are reprinted in commemoration of Armistice Day and in honor of those who died.

In Flanders fields the poppies grow,  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing,  
Fly  
Scarce heard amid the guns below.

We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders fields.

## Good Film of Fight

The Dempsey Tunney fight pictures at the Palace attracted a large number on Thanksgiving night, and enabled people to get equally as good or even a better view than some of the thousands who were at Soldiers Field, Chicago, the scene of the championship contest. Dempsey's continued attempts to land his so-called "rabbit punch" on Tunney's neck were easily seen, while in the famous seventh round Tunney did not register distress on his face as he reclined against the ropes while the referee made the count of nine. The tenth round saw a whirlwind onslaught by Tunney, and from the appearance of Dempsey the end of the round saved him from much worse punishment.

## Orange Lodge Social Was Very Enjoyable

Provincial Organizer, R. White, Gave Address on Aims and Work of Orange Ass'n.

On the evening of Saturday last Mr. R. White, field secretary for the O.L.O. in Alberta, paid a visit to Coleman. He was entertained in the K. of P. Hall by the Orange sisters and brethren. Many other interested friends were present.

A varied and delightful program consisting of the following numbers was presented: Song, A. Phillips; recitation, Mrs. Holmes; piano solo, Freda Antrobus; recitation, Given Dunlop; dance, Joy Ferguson; piano solo, Miss Chardon; recitation, Miss Jones; song, Mrs. Cousins; recitation, Dulcie Richards; piano solo, Miss Linnville.

Mr. White then gave an able and inspiring address on "The Aims, Objects and Ambitions of the Orange Order." The hearty applause with which his address was received went to show the popularity of the speaker as well as the appreciation of the audience of the sentiments he expressed. Dainty but satisfying refreshments were then served.

The members of the Orange Order in Coleman are very grateful to all who contributed in any way to the success of the evening's entertainment.

## Alberta Hospital Ass'n's Meeting

The Alberta Hospital Association and the Alberta Association of Registered Nurses will hold their annual joint convention in Edmonton on Nov. 21 and 22. One of the features of the meeting will be addresses delivered by Dr. McEachern, director of hospitals for the American College of Surgeons, who is recognized as the leading authority on hospital methods on the continent.

of loved ones who died in the war, therefore it was not a day of rejoicing for them, except to know in their hearts that those they had loved had martyred themselves in the cause of liberty and freedom.

The hymns sung were "O God Our Help in Ages Past," and "O Valiant Hearts, Who to Your Glory Came," being in the special form of service arranged by Rev. Canon Scott, national chaplain of the Canadian Legion. The town band under the leadership of Mr. Morris played the accompaniments, and prior to the service played some selections at the post-office corner. At the conclusion of the service the "Last Post" was sounded by Comrade J. Lowe, and the national anthem played by the band closed the service.

Later in the day wreaths were placed by the Legion on the soldiers' graves in the cemetery.

## Two Minutes Silence On Armistice Day, Nov. 11

Mayor Burns requests that all citizens observe the customary two minutes silence in honor of Armistice Day, from 11 o'clock to two minutes after, on Friday morning (to-morrow).

Throughout the entire Dominion from the Atlantic to the Pacific the two minutes silence will be observed. In the cities traffic will come to a standstill, and all trains on the Canadian Pacific and Canadian National railways will be brought to a standstill at two minutes to eleven o'clock. This signals the time at which the Armistice came into effect on November 11th, 1918.

## Proclamation

"I hereby declare that all work shall cease and silence be observed as a recognition of Armistice Day, Friday, November 11th, from eleven o'clock a. m. until two minutes after."—W. J. BURNS, Mayor, Town of Coleman.

## Ukrainian Temple Was Opened on Sunday Last

Fine Program of Music and Song by Mandolin Orchestra and Choir—Fine Addresses

The opening concert of the Ukrainian Labor Temple in East Coleman on Sunday evening was very successful, and was attended by a large number of people. A fine program was furnished by the mandolin orchestra under the direction of Mr. W. J. Harris and the choir under Mr. Malanchuk, the pianoforte accompanist being Miss M. Baron.

Interesting addresses were given by speakers in the English and Ukrainian languages, explaining why the Ukrainians are building halls wherever there are numbers of their people to be served. Their aim is to educate their people in culture and art, and to enable them to step forward together in the onward march of progress. The Coleman Branch of the Ukrainian Association is very grateful to those who participated in the concert program.

## Legion Smoker at Club Room Armistice Night

Mayor Burns Will Address Members and Returned Men on Significance of the Day

The Canadian Legion will hold a smoking concert in their club rooms tomorrow evening, to which all returned soldiers and ex service men are invited. Mayor Burns has signified his willingness to address the members in connection with Armistice Day, and an impromptu program will be given.

Mr. Tom Johnson, chairman of the school board, will also give an address.

Summit Lodge A. F. & A. M. will hold a bridge party next Thursday, Nov. 17, at 8 p. m. for members and Eastern Star members.

to the audience for their attendance and good wishes. There has been collected \$585.95 towards paying the debt on the building, and with the support of their people it is hoped to reduce the debt as quickly as possible.

## Christmas Cards

Time for Christmas cards has arrived. Within the next couple of weeks Overseas Christmas Cards will have to be forwarded. The Journal's selection this season is more varied than ever, ranging in price from \$2.25 per dozen up. Printed with your name and greeting or specially monogrammed at no extra charge.

Drop in and see our line or we will have a representative call.

## Coleman Journal

## Arranging Musical Festival

Frank J. Smith, secretary for the Crow's Nest Pass Sunday school Musical Festival, visited Coleman last Thursday afternoon, and stated to The Journal that the festival will be held in Blairmore on Easter Monday and the two following days. All teachers of music, both vocal and instrumental, choir and orchestra leaders, may obtain a list by applying to Mr. Smith at Hillcrest.

He stated that he would like to see more entries from among the younger pupils at Coleman, as last year there were very few in the junior classes from this town. The printing of the syllabus will be preceded with shortly, following which copies may be obtained by those interested.

## Canadian Legion

### Essay Competition

Prizes Awarded to School Pupils for Writing Essays on Poppy and Armistice Day

Below are published the winners in two of the groups of this competition. The winners in Class A will be announced in the school tomorrow and published in the next issue of this paper.

The names in each group are in order of merit. The leader in each class wins the Legion's double prize of \$2.00 and an Evershar pencil. CLASS C (High School)

Jeann Pettigrew, Edward C. Driver, Megan Jones.

Adam Wilson, Douglas Bevan, Mary Panek, Raymond Spillers, Winifred Dunlop, Lois Thomas.

CLASS B (Grades 7-14 and 14-17)

Malcolm Fraser, Marjorie Halliwell, Audrey Dunlop.

In making the final selection the grade of the candidate was taken into consideration. The majority of the candidates handled the subject matter so well that in the final analysis the general arrangement of the essay, also such points as writing, punctuation and paragraphing were the deciding factors.

The school board, staff and students of the school appreciate the action of the Legion in offering the prizes, and no doubt the winners are looking forward to another contest and another opportunity, while those who have not succeeded in winning a pencil will have at least the consolation of knowing that only the slightest difference separated the best entry from the worst.

## The United Church

A very successful series of service on were held over the week-end. In spite of the storm a good number gathered for the morning service at which the thought of the Thanks giving season was stressed.

The annual service commemorating the signing of the Armistice and serving as a memorial service also was held in the evening when the church was well filled. A much appreciated feature of the service was the singing of "The Trumpeter" by Mr. Reg. Bromley.

A brief Thanksgiving service was held on Monday morning at which about thirty people were present, some of whom went on to the Canadian Legion service at 11 o'clock.

## War Memorial Fund

Further donations to the War Memorial fund received by Peter Smith, secretary, are as follows: Mr. O. R. S. Whiteside \$10.00 Mr. and Mrs. T. Johnson 1.00 Total received to date is \$484.80

## Want Fish Hatchery in This District

Coleman Rod and Gun Club Join in Resolution to Department of Marine and Fisheries

That the Department of Marine and Fisheries is not giving the attention to the re-stocking of trout streams which the district deserves is the complaint of Coleman Rod and Gun Club, as expressed in a resolution arising from a discussion at their annual smoking concert on Monday evening in the Oddfellows Hall. "One member stated that from this section of the Crow's Nest Pass he estimated there was approximately \$1500 being paid in licenses, and this amount certainly warranted some consideration being given.

If attention was not given to the re-stocking of streams, or measures taken to afford some protection against the large number of tourists who now fish these streams, there would very soon be nothing left to fish for.

Mayor Burns, president of the Club, acted as chairman, with D. Davidson, vice president, presenting the prize for the season coming prizes held at Crow's Nest Lake, Lundbreck Falls and the North Fork. The prizes were awarded as follows: A. Phillips, sr., best speckled trout at the lake; A. McCulloch, two prizes at Lundbreck, also the first prize at the North Fork for the best bull trout. Mr. Lothian was awarded second prize, and Mr. Larsen the prize for the best speckled trout at the North Fork.

For landing the largest speckled trout of the season, A. Phillips, jr., won the prize with a 3 lb speckled trout.

The prizes were donated by the business men of the town, and vice-president Davidson donated the leading prize. Mayor Burns expressed on behalf of the club their thanks for the generosity of the donors, and also those who during the season loaned cars to take the members to the various places where competitions were held.

In the discussion on re-stocking of streams, Mayor Burns suggested a hatchery at Allison Creek, and W. Lees protested against the apparent neglect of the Dept. of Fisheries in taking no action along these lines. A. F. Short favored sending a resolution in conjunction with other clubs in the Pass to make known to the department the opinion of those who pay license fees, for if no action is taken, there will be no further use in purchasing licenses. As a result of the discussion D. Davidson and W. S. Purvis were appointed delegates to meet with other clubs to draw up a resolution. (Continued on Page Five)

## A THOUGHT FOR NOVEMBER 11th

Then said he, "I am going to my fathers, and tho' with great difficulty I am got hither I do not repent me of all the trouble I have been at to arrive where I am. My sword I give to him that shall follow me in my pilgrimage, and my Courage and Skill to him that can get it. My marks and scars I carry with me to be a witness for me that I have fought his battles who will say that he must go hence was come, he said as he came to the river-side: "Death, where is thy sting?" and as he went down deeper he said, "Gnave, where is thy victory?" So he passed over, and all the trumpets sounded for him on the other side."

—Mr. Valiant in Pilgrim's Progress.

Pure tea of finest quality, free of dust and packed in Aluminum.

**TEA** "is good tea"  
RED ROSE ORANGE PEKOE is extra good.

### A Good Deed

It was our pleasure, says a writer in a New York paper, to meet with the Boy Scout ship, fully manned, aboard a Long Island train recently. At one of the stations the gentleman seated in front of us accidentally dropped a glass on the window just as the train started to move on. Without a moment's hesitation he tossed the other one after it. Moved by curiosity, we dropped all reserve to ask him if he had done so. He courteously explained that the one glass that remained would have done him no good; nor would the lost glass have done the finder any good. This being the case, he had tossed out the other, so that the finder might have a complete set.

The viewpoint and line of conduct of this man might well serve as an object lesson to many, adding contentment in their own lives and conferring benefits on others. The average person, it is to be feared, would have grumbled and bemoaned his loss,—small though it be,—and generally made himself and possibly others miserable for a time, and all to no end. But the hero of this little incident, which might have passed unobserved, enjoyed a brighter outlook on life and a finer conception of things generally. He had sustained a loss which, under the circumstances existing, could not be restored. He realized on the instant that he must accept that loss. His immediate thought was as to how his loss could be turned to somebody's gain.

If in family and community life and activities the spirit displayed by this unknown man became the inspiration of our thought and the guiding motive of our actions, how much happier this old world would become. What contentment of spirit and real joy in living would be experienced by those who adopted and followed such a policy of unselfishness, resulting in the inner gain of satisfaction far outweighing the outward and material loss sustained.

Such a spirit and code of conduct costs nothing, and how much more satisfactory all round it would be to that usually followed in which a loss determines that if he must lose, or has lost, he will at least have the satisfaction,—poor though it be,—that nobody shall be the author thereof.

There are people no doubt who are inclined to belittle and scoff at the assistance with which members of the Boy Scout organization are taught to be watchful for opportunities for helping others in order that they may do at least one good turn a day. But if such people would strive for just one week to emulate these Scouts and do good turns to others, they would quickly discover a new richness and joy in their own lives while at the same time happiness and gain would be conferred on others.

The people of Canada have just observed a day of National Thanksgiving and in a few weeks all Christians will be joyously celebrating the happiest day in all the year, Christmas. Many may have sustained losses and suffered defeats in the months that are passed without making the slightest effort to extract such profit as they could from their loss and without turning defeat into ultimate victory. Possibly they are still bemoaning the sad fate which overtook them, feeling sorry for themselves, and declaring that luck is against them. Such an attitude will avail nothing; it merely makes for further discontent, discouragement, and additional failure and loss. Such an attitude is taking the joy out of their own future lives and making for unhappiness and misery for others.

Let the dead past bury its dead. Forget your losses and disappointments except as they can be capitalized to realize future gains, if not for yourself, then for somebody else. In the long run this will mean gain for you.

### Decorate Nelson Monument

Custom Observed On Anniversary Of Historic Victory

On the anniversary of the battle of Trafalgar, the monument to Lord Nelson in Trafalgar Square, as is customary on this date, was bedecked with bunting. Nowadays the monument has become a sort of cenotaph for wreaths placed there to honor the soldiers buried beneath the waves in the Great War.

Nelson's flagship Victory, which is now permanently docked at Portsmouth, still is undergoing repairs. Her rigging and spars have not yet been replaced, so Nelson's famous signal, "England expects that every man shall do his duty," flew from the nearby signalling school.

At the dinner given by the Navy League Earl Beatty, former Admiral of the fleet and First Sea Lord, proposed a toast to "The Immortal Memory of Lord Nelson." Earl Beatty was supported in the toast by the oldest living admiral the Hon. Sir Edmund Robert Prentiss, who is in his 92nd year.

For all pains—Minard's Liniment.

Japan has ordered 300 airplanes of the type Lindbergh flies, but ordering 300 Lindberghs is another matter.

### Does Ill Health Detract from Your Good Looks?

Hamilton, Ont.—"I was in a rundown state of health, and I suffered from backaches and pains in my side, which would be so severe that I could get weak and have to lie down. I could not eat without my being distressed. Under the advice of a relative I started to take Dr. Pierce's Favorite Prescription and I do not suffer in any way from any of the above conditions. I have a good appetite and my nerves are in excellent condition. I am strong and healthy in every way."—Mrs. George Turansky, 373 Ferguson Ave., Toronto.

### Fokker Foresees Millions Of Planes

Aviation Is Great Factor For Peace

Says Designer And Builder

A million or more planes blackening the air over America, from flivver planes, in which the young man can take his sweetheart for a ride in a dual control side-by-side cockpit, to giant multimotored air transports, were pictured by Anthony H. G. Fokker, at a luncheon of the Netherlands Chamber of Commerce of New York.

Mr. Fokker said the development of commercial flying was closely linked with military aviation and that the nations of Europe had realized this. The subsidies granted to air transport lines in Europe for commercial purposes, he said, were part of the general preparation plan for future wars where pilots would be trained and fields, hangars and workshops provided for future military use.

"Aviation is the cheapest and most efficient method for killing people," Mr. Fokker said. "In a city like New York bombing planes loaded with gas bombs could destroy a million persons absolutely without fail. So important will aviation be as an offensive weapon in another war and so great a range of planes will be in the air that place for man will be the front line trenches."

The designer suggested that aviation was a factor for peace by its very destructiveness as a potential weapon of offense.

"Man is not so likely to start a war or to help keep one going," he said, "when they realize that nowhere can they find safety for themselves. The man who stays away from the front to manufacture shells and guns on war contracts will be in more danger than the man at the front."

### On Ladies' Toes Are Sore Corns

Quick relief is almost instantaneous if you apply Putnam's Corn Extractor. Shows won't pinch or hurt. One single drop of Putnam's stops the pain. A few applications does the rest of the cure. Putnam's Corn Extractor gives satisfaction. Thousands use it every day. Get a bottle from your druggist. Refuse a substitute for Putnam's.

### Weathered Four Decades

Early Day Tractor Engine Is Still in Working Order

After having lain discarded on the edge of a grain field near Wash., for forty years an early-day tractor engine was steamed up recently and found equal to its task. The engine is an old H.P. type and with other farm machinery came from a factory at Leeds, England, in 1886.

The farmer who first owned the then ponderous machine failed to make wheat pay and abandoned the engine. For some reason the engine was never tampered with and weathered the four decades without injury. As a useful article the old-time engine is not for its burn wood and uses no gears in the bearings.

An Oil That Is Famous. Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is for a fact enough to attract its customers, for in all these countries it is on sale and in demand.

Treasured At Buckingham Palace. Anne Boleyn's clock, a gift from Henry VIII. on her wedding day, is being cleaned and given a general overhauling the first time in many years. The clock, tall ten inches in height, is now one of the treasures of Buckingham Palace. It formerly belonged to Horace Walpole, and when his effects were sold Queen Victoria bought the timepiece for £110.

An electric treadmill for exercising dogs has been invented in England.

### The Least Excitement Made Her Heart Palpitate and Flutter

Mrs. Ambrose Orser, Elginburg, Ont., writes:—"I suffered for some time with a bad heart which seemed to be controlled by any weathered. The little excitement would cause it to flutter and palpitate, and at times I would have real fits. I suffered in this way for some time when, one day, I saw

advised, so I decided to try them. I had just taken a few boxes when I noticed that I felt better, so I continued taking them and in a short time my heart felt entirely different."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. M. M. Co., Limited, Toronto, Ont.

### OUT OF

cases ended in death! So a recent investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—when where the wound, being thought not serious enough for careful treatment, had been neglected. Blood poisoning and death resulted. When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, 50c. box.

**Zam-Buk**

### Has Suitable Airport

Edmonton All Ready For Moth Planes Promised By Government

Increasing interest is being manifested throughout the country in the project, sponsored by the Department of National Defence regarding light-airplane clubs, and it was stated at Ottawa by departmental officers that two aerodromes had been received formally by the Government to fulfil its part of the scheme by supplying the two Moth planes promised under the provisions of the plan.

Edmonton, Alta., which has already a suitable airport, with the department declaring that the city's application was in the mail, and seeking Government action. A number of prominent Albertans are behind the Edmonton club and their request will be fulfilled as soon as the planes are available.

The Edmonton clubmen declare that all the requirements of the Government in connection with the expert maintenance of the presentation planes and the like are being met.

Flying men in Montreal have also approached the department with request to have a flying school at other cities will shortly follow suit.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Expeller will clear all stomach and intestinal and restore healthfulness.

### Canada Will Redeem Loans

Thirty-seven Millions Will Soon Be Taken Off Market

Thirty-seven millions in Dominion loans will be taken off the market and redeemed from revenue on December 1. Of this, twenty-nine millions consist of 5 1/2 per cent. five-year Victory renewal loan. The remaining eight is in treasury notes.

Sixty-three millions in 5 1/2 per cent. Victory loans also fall due on December 1. The present plan is to make as much of this as possible from revenues and to issue a refunding loan for the balance. Actual steps to be taken will depend, however, on incoming revenues during the next month. In any event, it is expected that the refunding will result in a saving in interest charges of at least one per cent. per annum.

### First Commercial Plane Reaches Yukon

Will Be Used Principally For Exploration and Prospecting

Lieut. A. D. Cruikshank made a pretty landing recently on the aviation field at White Horse, Yukon Territory with the monoplane Queen of the Yukon, which made the trip from Skagway in a few minutes over the four. This is the first plane brought in by the Yukon Airways and Exploration Company, organized for the purpose of freight, mail and passenger business, but more particularly for exploration and prospecting in the more inaccessible parts of the territory.

White Horse will be the base of the company's operations. The plane had been taken from Vancouver to Skagway by steamer.

Most Northerly Post. The Canadian Government post at Becho Peninsula, on the east coast of Ellesmere Island in the Arctic, is the most northerly police post, post office and custom house in the world. It is 755 miles (656 nautical miles) from the North Pole.

Sunday Island in the Pacific is said to be the tallest mountain in the world, as it rises 2,000 feet out of 6 miles of water, making its height nearly 30,000 feet.

### Tells Why Germany Failed

Ex-Kaiser Says People Did Not Sacrifice Enough

In an interview with George Sylvester Viereck, printed in Liberty, Wilhelm Hohenzollern, formerly German war lord, tells why Germany lost the war.

"Because we did not obey God in all things; because we hesitated to bear the worst; because we refused to bend to face all risks in preserving faith! The German people performed miracles of endurance, but at the last they failed. The supreme miracle can be accomplished only by faith. We should have fought to the very last carrot, the very last man, the very last round of ammunition."

The ex-emperor is a pretty one to talk about fighting to the last carrot! The German people had indeed performed "miracles of endurance," for "refusing to bend to face all risks," was, perhaps, no more indecent than might have been expected.—New York World.

Wilhelm had plenty of carrots. He had cavalry and champagne. He had abundance while his people starved. He had millions in the midst of beggary. He had six tall sons, carefully protected during a time when grass grew green on many new graves. For him, now, to blame the German people for "hesitating to bear the worst," for "refusing to bend to face all risks," is, perhaps, no more indecent than might have been expected.—New York World.

### Aviation Activity

Aircraft Factory Of Vickers, Limited, To Be Enlarged

Greater aviation activity in Canada is resulting in increased business for the aircraft factory of Vickers, Limited, Montreal, and it is now proposed to extend the present plant by the erection of another building, though only last autumn a new shop was added. There are now 32 machines in course of construction or on order, 12 of these being Airco aeroplanes ordered by the Canadian Government.

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

### Proud Of Walter's Job

Has Given Him Self-Respect Say Russian Noblemen

A six-footer of aristocratic mien at the Waldorf, New York, also distinguished by a spike-tailed coat with gold braid, has identified himself as William Schurch do Witte, famous premier under the Czar. He is now a floor waiter, having worked up in six months from kitchen boy.

Proud of his job, he says: "I have more self-respect than when I was playing bridge or attending tea parties in New York City." He kept his elegance until recognized by a woman guard of the hotel whom he had met socially, he says.

## HAS NO FEAR OF TROUBLE FROM FOREIGN MENACE

Ottawa.—Hon. J. G. Gardiner, Prime Minister of Saskatchewan, does not see eye to eye with Premier Ferguson of Ontario, as to the inflexibility of Canada's constitution.

No objection to any necessary amendment of the British North America Act should be taken at the conference of provincial premiers, Mr. Gardiner maintains. "The Act has been amended before," he there is no reason to believe that it is necessary for it, then it will be amended again."

Saskatchewan has no special plans to make at the conference, Mr. Gardiner stated. There are one or two problems of peculiar interest to Saskatchewan that will be discussed with the Federal Government, one of these being the possibility of the Royal Canadian Mounted Police taking over the duties of the provincial force.

In the matter of immigration, Saskatchewan has no fear of any Central European "menace."

"What is the Women's British Immigration Association of Saskatchewan?" he was asked, referring to an organization which recently broadcast an article criticizing the Federal Immigration department.

"I never heard of it until I read it mentioned in the Toronto papers," Mr. Gardiner replied.

In view of allegations as to the reported lack of good farm lands for British immigrants, the Premier was asked if it were true that some of the unoccupied farm lands in Saskatchewan were held by American speculators. He did not think so.

"We have a wild lands tax, and any one holding unoccupied lands finds it very unprofitable," he said.

"Any American holding Saskatchewan lands would be only too glad to sell it."

"The Hudson's Bay Company has a great deal of good land, but it is not, and the railways, don't they get exemption from taxation—is this holding land from settlers?" he was asked.

"They used to be exempt, but not now," was the reply. "The railways, for instance, were exempt for 20 years after they got the land. As a matter of fact they made it forty years by not taking out their patents, until, in 1902 the Federal Government told them they must, so the exemption dated from that time, until 1922. In 1922 we applied the wild lands tax to their unoccupied lands. Now they are glad to rent the lands for grazing for the cost of the taxes."

## Heavy Bookings For Grain Via Vancouver

Shipments For Three Months Will Total 36,000,000 Bushels

Vancouver.—Ocean tonnage to carry 36,000,000 bushels of Western Canadian wheat to the United Kingdom and the continent has been booked for November, December and January, it was announced here. During December alone tonnage for 20,000,000 bushels has been fixed and shipping men believe that the wheat season for the month of December will require at least one hundred vessels.

During November space for 6,000,000 has been closed while January bookings already total 10,000,000 bushels.

**Stunt Pilot Killed**  
Dresden, Germany.—The Junkers Company's crack stunt pilot, Karl Plautz, was killed when his plane crashed to the ground from an altitude of 3,000 feet. The plane fell while he was executing a nose dive. He died in vain to right the machine when he reached an altitude of 1,200 feet.

**Arcile Explorer Granted Review**  
Washington, D.C.—Dr. Frederick A. Cook, Arctic explorer, was granted a United States supreme court review of his suit for release from Leavenworth federal prison, where he is serving a sentence of 14 years and 9 months for using the mails to defraud.

**To Renew Timber Supplies**  
Victoria.—The land department has leased a plot of land near this city where forest trees of this province will be grown from seed and planted artificially to renew timber supplies for a future generation.

**Total Casualties In Boat Disaster**  
Rio de Janeiro.—A total of 314 persons perished in the Principessa Matilde disaster off the coast of Brazil, it was shown in final figures made public by the local office of the Navigazione Generale Italiana, owners of the vessel. There were 545 survivors.

W. N. C. 1706

## Research Bureau Of Education Urged

Would Develop System of Instruction Says Dr. Robert Fletcher  
Winnipeg.—Establishment of a Dominion research bureau of education for improving the teaching machinery in such a way that the youth of the land would learn more in the same given time, was urged by Dr. Robert Fletcher, B.A., LL.D., deputy minister of education for Manitoba, speaking as president at the opening of the fourteenth annual meeting of the Canadian Educational Association here.

Such a bureau would render very fine service to the provinces without encroaching in any way on the special educational prerogatives which belong to each and which all regard to jealously, declared Dr. Fletcher. He pointed out that the necessity for careful research in both the methods of teaching and the material to be taught was more and more forcing itself upon the attention of educationalists.

## Noted Author Loses Sight Of Right Eye

Booth Tarrington, Threatened With Blindness, Is Undergoing Treatment

New York.—Booth Tarrington, author of "Monsieur Beaucaire," the "Penrod" series of boy stories and many other literary successes in novel, play and short story form, has lost the sight of his right eye and is undergoing treatment at the hands of Dr. John Ray Newcomb, eye specialist of Indianapolis, to save the sight of his left eye, which has been unimpaired. At his home in Kewauqua, Wis., Mr. Tarrington disclosed that he had lost the sight of his right eye about a year ago.

A burst blood vessel, and gradually my sight went out," said Mr. Tarrington. "For a time I was threatened by nearsightedness in my left eye, but under strenuous treatment my left eye has improved, and I am now able to use it in my work."

## South Africa Receives Message From King

King George Expresses Gratitude Over Settlement Flag Controversy  
Cape Town, South Africa.—A message from King George expressing gratification over the amicable settlement of the flag controversy in South Africa was read in the House of Assembly last night, according to the message was read by Premier J. B. M. Hertzog, as follows:

"I wish to express my heartfelt satisfaction over the solution of the flag question, and I earnestly trust that the spirit of tolerance, conciliation and goodwill may continue to animate all parties to unite for the common weal."

## Victory Loans Redeemed

Twenty-nine Million Dollars In Bonds Retired From Revenue

Ottawa.—Canada on Nov. 1 redeemed twenty-nine million dollars in 5 1/2 per cent. five year Victory loan bonds, Hon. J. A. Robb, Minister of Finance, has announced. The amount was retired from the revenue. Eight million dollars, in treasury notes, which all due on November 15, will probably also be taken off the market and redeemed from revenue, Mr. Robb intimated.

A further Dominion maturity of sixty-three millions in 5 1/2 per cent. Victory loan is due on December 1.

**U.S. Consulate At Nanking Robbed**  
Peking.—The safe of the United States consulate at Nanking has been broken open and its contents stolen, according to official reports to foreign sources here from Nanking. The contents included colonial silver helms belonging to John K. Davis, the consul. Bound volumes of the consulate correspondence are being hawked on the streets of Nanking for a few cents apiece waste paper.

**Hen Sells For \$500**  
Vancouver.—Announcement has been made by the poultry department of the University of British Columbia of the sale of a White Leghorn hen for \$500. The hen was shown as F. 3274 and was exhibited at Ottawa last summer. Last year she laid 355 eggs in 365 days. F. A. Sansone, Greenwich, Conn., is the purchaser.

**Another Use For X-Rays**  
Dallas, Tex.—Doctors at Baylor University have discovered that they can determine with an X-ray whether or not a person is hungry. Experiments have been made for some time in observing the hunger contractions of the stomach muscles, but it was only recently that the action could be clearly seen and photographed.

## League Now Virtually Universal In Scope

So Long As Nations Co-Operate Membership Not Essential  
Geneva, Switzerland.—The League of Nations' dream of universality practically has become a reality. The United States is now participating in virtually all league activities, save those which are political, and the Soviet Government has decided to take part in the league's preparatory disarmament conference.

League observers contend eight years' experience has demonstrated it is unimportant whether nations are members of the international body so long as they willingly co-operate in the league's activities.

Both the Soviet Government and Turkey already are collaborating in the league's economic activities, while Mexico has sent an official observer to the economic conference. Thus Ecuador is virtually the only nation in the world not yet collaborating and, therefore, the league now regards its activities and influence as virtually universal in scope.

## Storm Takes Death Toll

Shipwrecks and Great Loss of Life On British Isles

London.—The death toll of the recent storms in the British Isles mounted to 21, with news of 50 shipwreck deaths in Ireland.

Thirty-one seamen were drowned at Cleggan Bay, while 19 lost their lives at Bunkies and Lacken.

Lloyd's reported that 17 small vessels were destroyed by the gales, which reached a velocity of 50 miles an hour. Officials estimate several thousand homes were wrecked by floods and winds.

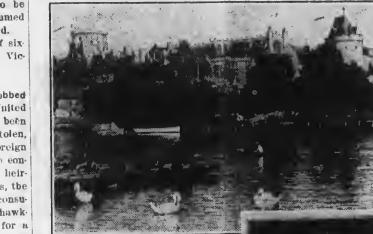

## SAYS CONDITIONS IN CANADA ARE NOW EXCELLENT

London.—Industrial conditions in Canada are excellent, and the outlook for 1925 is good, said P. W. Field, former British trade commissioner in Canada, on his arrival at Liverpool aboard the Albatross. He emphasized that there was a marked desire for greater investment in the Dominion on the part of the United Kingdom.

It is probably true to say, continued Mr. Field, that business men and investors of the United Kingdom have taken a greater interest in Canada this year than in any previous years. The visit of the Prince of Wales and Premier Stanley Baldwin to the Dominion last summer made a deep impression, while the tour made by members of the Empire Mission conference brought to the attention of mining men and empire capitalists the vast mineral resources of Canada.

"We had more calls at Montreal from British manufacturers and merchants than at any time previously," said Mr. Field. He emphasized that one cannot sell to Canada at long range because it is a market, above all others, in which the seller must go to the buyer.

## Windsor Greets Windsor

Although the Fates decreed that Windsor, Ontario, should not be allowed to send by air an expression of its best wishes to Windsor, England, yet the inhabitants of the English town were apparently determined that a measure of goodwill should not go unaided. Among the Canadian Pacific Express Co.'s shipments aboard the "Montclair" recently was to be found this expression of friendship in the form of a shingle of oak made from Canadians were embraced during the Great War. The shingle bears the municipal arms of the Royal and ancient borough, its charter being granted in 1274 by Edward I. The shingle, which has gone forward to Windsor, Ontario, is the gift of Sir William Carter, Mayor of the English town. It was presented recently at Canada House, Trafalgar Square, London, and was received on behalf of the Canadian city by Lucien Pigeon, acting High Commissioner for Canada. A cablegram of thanks from C. E. Jackson, Mayor of Windsor, Ontario, was read on the occasion.

## Sister of Conservative Leader

Here is the new Conservative leader's "little sister." Miss Mildred Bennett, sister of Hon. R. B. Bennett, from a recent photograph.

## Airplane Companies Are Cutting Prices

British and French Competing in Cross-Channel Service

London.—A price war between the French and the British aeroplane companies competing in the cross-channel service between London and Paris was revealed when French Air Union officers here announced further cuts in both first and second class fares, in answer to the Imperial Airways' inauguration of a second class service.

The French line also announced that it would make an effort to cut the time between the capitals as well as the fares. The average time is now two hours and a half, but new planes which will have the latest Loire-Oiler engines will be scheduled to make the trip in two hours and 11 minutes.

As a result of the price war, it is only 17 shillings more expensive to go to Paris by air second class than the first class railroad fare and the saving of time is four and a half hours.

## Alberta Mine Strike Ended

All Mines in Affected Area Are Resuming Operations

Drumheller, Alta.—Strike of the Canadian union coal miners in this district came to an end, and, with the exception of one mine, which was temporarily held up because of damage by dynamites, all mines were again being worked.

The men gained nothing by the two weeks' strike and lost a lot of money in wages, for between 800 and 1,000 men were affected. The mines will continue working under open shop conditions, the miners failing to receive recognition of their union, for which they went on strike.

**Want Expert Advice**

Mexico City.—Sir Henry W. Thornton, president of the Canadian National Railways, has been invited to come to Mexico City to study the financial condition of the National Railways and to suggest a plan for their reorganization in order to place them on a paying basis, the Mexican treasury department has announced officially. The invitation was extended to Sir Henry by President Calles.

## New Service On Bay Line

Additional 70 Miles Of Track Improves Train Facilities

Winnipeg, Man.—With the addition of 70 miles of line and a better connection with the Winnipeg trains, an improvement in train service on the Hudson's Bay Railway came into effect on Thursday, November 3. Trains will leave The Pas every Thursday at 11 a.m., reaching Pilestone at 11 p.m., departing from Pilestone at 8 a.m. Friday, arriving at the present terminal, Mile 286, at 1 p.m. and reaching the end of steel, Mile 256, at 6 p.m. The new portion of the line is between Mile 256 and Mile 286. Returning, the train, which is a mixed, will leave Mile 356 at 8 a.m. Sunday, arriving at Pilestone at 6 p.m. the same day and leaving for The Pas at 4 p.m. Monday. The Pas will be reached at 4 p.m. Monday. Trains leaving Winnipeg Wednesday will arrive at The Pas at 8 a.m. Thursday, and trains leaving at 11 p.m. for Winnipeg will pull out at 6:20 a.m. Monday.

## War On Small Envelopes

Post Office Department Has Endless Trouble With Smaller Sizes

Ottawa.—The Post Office Department has declared war on small envelopes and the duty of duty is soon to be a matter of history. Primarily responsible is the new cancellation machine adopted by the postal authorities. In the operation of the cancellation machine, if the envelope is small, the cancellation stamp is liable to interfere with the address. Then again small containers are liable to become lost through dropping out of letter bundles. Manufacturers have agreed not to turn out any more small envelopes and no small Christmas cards necessitating the use of tiny envelopes will be made.

## All Canadian Dinner

Will Be Feature Of Celebration Of Canada's Agriculture Jubilee

Ottawa.—An "all-Canadian" dinner will be a feature of the celebration of Canada's "Agriculture Jubilee" which is to have its climax at the Royal Agricultural Winter Fair to be held in Toronto from November 24 to November 29.

The dinner will be presided over by the Hon. W. R. M. Ormston, Dominion minister of agriculture, who will be the host on behalf of the Federal Government. Only food that is the product of Canada will be found on the tables.

## ENTIRE CREW OF JAP VESSEL DIED OF STARVATION

Port Townsend, Wash.—Word of starvation, despite evidence that indicates they devoured the bodies of seven or eight of their shipmates, the last two to survive of the crew of the Japanese fishing boat Hiyu Yei Maru, which "Doomed Prosperity" arrived here aboard their pitiless vessel after drifting with the sea currents more than 4,000 miles from the coast of Japan.

Physicians from the United States quarantine station here who went aboard the fishing boat said that cannibalism had been practiced by the last survivors of the crew. The bones of seven or eight human beings were found aboard the boat, which were unmistakable evidence of many months at sea.

The boat was picked up by the freighter Margaret Dollar off the Washington coast and towed to the quarantine here.

The bodies of the two Japanese were found in banks in the tiny dark cabin aft of the engine room. They were in natural positions as if they had failed to awaken from a deep sleep.

The boat was about 55 feet long, 15-foot beam and 12 feet depth, was equipped with a gasoline engine in addition to oars and hand pumps. The sails were torn to shreds by gales and standing gear on the deck was twisted and bent. The hull was bare, mace-encrusted and dragging seaweed two feet in length.

Barely decipherable Japanese characters scrawled upon a board in the death ship's cabin gave a meagre record of the last days of the starving crew.

The writing was said to indicate that the ship drifted helplessly for seven months after the captain and crew of 12 departed of repairing their stalled gasoline engine. Three months ago the starving Japanese gave up the idea of living and they saw the first of their number taken by death, the scrawled and faded script in the cabin revealed.

## NO DEMAND AS YET FOR RURAL CREDIT SCHEME

Ottawa.—Hon. J. A. Robb, minister of finance, will not organize the Rural Credits Board, as provided for in the Rural Credits Act passed last session, until at least one province has indicated a desire to have the scheme put into operation. This was the information made public at the finance department.

The Rural Credits Act states that the scheme shall only become effective in any province after that province has enacted enabling legislation. This provision was inserted in the act in order to remove doubts as to the jurisdiction of the Federal Parliament to carry out a credit scheme.

Under the provisions of the act the scheme will be self-sustaining and there is no reason to believe that interest rates will be reduced below the level now obtaining in Western Canada.

For this reason there has been no demand as yet from any of the provinces for the introduction of the proposed credit system. Unofficially, the department of finance has been informed that Alberta intends to come in, but otherwise there has not been even a spark of interest since the terms of the act were made known.

At any rate, none of the provincial legislatures will meet until 1925, so that, at the earliest, the government will not be able to enter the matter until next March or April.

## Japan Would Welcome Envoy From Canada

Retiring Consul To Canada Says Representative Would Aid Both Countries

Vancouver.—Japan would welcome a direct representative of the Canadian Government for such a representative could do much to cement Canadian-Japanese trade and political relations, according to N. Matsumura, retiring consul-general for Japan at Ottawa, who has been recalled to Tokyo for another appointment. Accompanied by Mrs. Matsumura and their five children, the former consul-general sailed for home.

"Trade relations between Canada and Japan are bound to increase," said Mr. Matsumura, "and in the last four years they have increased from less than \$20,000,000 to more than \$50,000,000."

## Asking Protection For Salmon Fields

Delegation From B.C. May Request Government To Enforce Closed Season

Ottawa.—A delegation representing the fishing industry in British Columbia has gone to Ottawa prepared to meet Federal Government officials regarding the conservation of salmon and other species in the coastal and inland waters of the province.

J. N. Ellis, of Vancouver, one of the delegates, states that it is quite likely the government will be asked to enforce a closed season in order to safeguard the future supply of salmon.

**White Slaves Active**  
Hamilton.—Following rumors of a narcotic drug ring and white slaves being active in this district, local police records disclosed the startling fact that fourteen young girls have been reported missing from the city since June 10. It is believed a number of them were lured away by promises of a stage career, after which they became victims of the drug and white slave ring.

**Flying Contest For Colleges**  
London.—A flying contest between flying clubs may be added to the annual list of trials of strength between those two universities. Both now have their own air squadrons and the Cambridge squadron claims that its members collectively have flown a distance equal to three times around the world.

**Amassed Large Fortune**  
Ottawa.—Starting life as a cab driver, Joseph Ruppel did better, at the age of 53, credited with having amassed a fortune of \$400,000. As soon as he had saved sufficient money from his cab driving, he commenced in lumber buying and later started the financial business which bears his name.

**Cancels Boycott Against U.S.**  
Mexico City.—President Calles has cancelled the decree issued last May forbidding goods from the United States as a reprisal for the embargo established on certain shipments by Mexico to the American Government.

## THE COLEMAN JOURNAL

2ND AVE., E., COLEMAN, ALBERTA. H. T. Halliwell, Editor and Publisher

THURSDAY, NOVEMBER 10, 1927

Anniversary of  
Armistice Day

Tomorrow, (Friday) marks the ninth anniversary of the signing of the Armistice between the Allies and the Central Powers, which practically terminated the Great War after over four years of the greatest and most stupendous struggle between nations recorded in history. In the rapacious maw of war millions of the flower of manhood of the world were swallowed up, owing to the ambition of the militarist class in Germany, headed by the Kaiser, to attain supreme power over the rest of the world.

November 11 will stand out for all time as a day of commemoration in honor of those whose lives were given in the great struggle to prove to the world that the doctrine of "Might is Right" should not prevail. German military text books

and writings by experts and university professors may have inculcated this idea into young Germans, and the war came to test their teachings.

"The Day" which they had for so long looked at in their banquets in the army and navy found them prepared, naturally, and for awhile the fortunes of war were with them. owing to the suddenness with which they turned Europe into an armed camp. But they had reckoned on force of arms to win the war. The Allies in addition to their military and naval forces had the spirit of "Conquer or Die" in their determination to prove to the world that one nation should not be permitted to dictate its terms to lesser powers, and for four years and three months the conflict waged, until the German people, finding they had been following a false God, and were already being looked on as outlaws in the civilized world, weakened be-

fore the combined pressure from without, while the Kaiser fled from his kingdom leaving the people's representatives to come to terms with as good grace as possible.

Thus were the ambitions of the Kaiser and his advisers, scattered as the dust before the wind, and it is in honor of those brave souls who suffered and died in the great cause that Armistice Day will always be remembered with reverence and thanksgiving.

Many a home treasures the memory of the menfolk who went forth to what they knew was a hell on earth, but they wavered not, in their determination to keep the enemy as close as possible to his own country, until finally he was driven back and forced to submit to the terms imposed by the Allied forces.

The war loses none of its tragedy as the years pass on. It may lose its sting for those who suffered bereavement, but the tragedy of it will always remain in their hearts, with the consolation that those who died helped to save the world from the oppression of a foe who proved in various merciless acts, such as the sinking of the Lusitania and the shooting of Edith Cavell, that necessity knew no law when it interfered with the German plans for world conquest.

Let the two minutes silence be observed in Coleman to-morrow with the measure of reverence which the occasion so rightfully deserves.

This is the Latest  
From Blairmore

An old gentleman walked in to the editorial sanctum and asked for a receipt for his subscription that he had paid a few days before. The editor told him that he had marked it paid at the time, and enquired as to why he was so particular about getting a receipt. The old chap said he had dreamed of having gone up to the pearly gates, and being asked by the recording angel if he had squared all his accounts on this earth and if he had the proof, he remembered having omitted getting a receipt for his newspaper subscription, and he certainly wasn't going to hunt all over h..... for the editor to get it.

Trade where you are invited to trade—with Journal advertisers

"Veteran" poppies have been on sale during the week in the schools and a number of girls have made a house-to-house canvass selling them in aid of disabled soldiers. The sale of these poppies throughout Canada has grown enormously since it was first introduced in connection with Armistice Day, and this flower so splendidly referred to in that poem of the late Colonel MacRae, "In Flanders Fields," has won an imperishable place in the hearts of Canadian people. It is truly the emblem of sacrifice.

## Cruelty of Traps

The danger of setting traps where cattle are likely to roam was demonstrated recently, when a fine cow from Jack Ferguson's ranch was caught. Having missed the cow for several days, he instituted a search for her, and found her in the bush very emaciated and her hoof torn off in the struggle to free herself from the trap. The trap was not found, so it could not be ascertained who had laid it. The cow was very fat when last seen, but her sad plight had reduced her almost to a skeleton. She was brought back to the barn and her bleeding foot fixed up, though she will have to hobble on three feet as a result of being caught by the trap. More care should be exercised in setting traps, for the suffering they cause to animals is beyond description.

## All Saints Church

Service will be held on Sunday, Nov. 13th at 11 a.m., the Rev. Mr. Blunt of Pincher taking the service Sunday school at the usual hours.

The Rev. A. D. Currie is making steady progress from his recent severe illness, though it will be awhile yet before he is able to resume services.

Boys and girls resident in Manitoba, Saskatchewan and Alberta are now engaged in a series of judging contests in which the Canadian Pacific Railway is offering a trophy to the winning teams of each province, in addition to which the six winners will be taken to Toronto, to the Royal Winter Fair (Nov. 16th to 24th), as guests of the railway.

"More settlers are coming from the United States to make homes in Canada than in any year since 1920," said J. R. Ryan recently in Winnipeg, travelling colonization agent from the St. Paul office of the Canadian Pacific Railway. "Personally," he said, "I have brought 70 families this season and have every reason to believe that the total will be over 100 before the end of the year. All the settlers have money—some very well supplied."

Prof. Robert Wallace, commissioner of Manitoba mines, told the Caledonian Society at its weekly luncheon in Winnipeg recently, that mining developments such as had never been equalled in the history of Manitoba were likely to feature the next six months. Mining, he said, had to be looked upon as a business proposition. It so happened in this country that mines are found in places to which access was not easy and no railroad could be expected to lay tracks into the north country until it knew prospects there.

**Want Fish Hatchery**

(Continued from Page One)  
lution to be sent to the Dept. of Marine and Fisheries.

The musical part of the program was greatly enjoyed, pianoforte selections being given by W. Evans-Smith, xylophone selections by H. Parkinson, songs by Mr. Houghton, of Calgary, A. Phillips, jr., and two Scotch character songs by A. Mc Culloch. A very interesting exhibit of fish fry from their incipient stages to the time they were ready to be placed in the streams was shown by E. Peart, it being loaned from the hatchery at Cranbrook, who stated that from conversations with the officers of the Rod and Gun Club there he considered it would be possible for Coleman to have a hatchery established in this district.

An assessment was made on the members for damage to the car of Mr. Barclay, amounting to \$36.50, which occurred on the trip to the North Fork. Nearly \$20.00 was collected at the concert, and the balance will be collected from the remainder of the members, as the club voted that they should pay the cost, the accident occurring while Mr. Barclay was driving club members.

A liberal supply of refreshments and smokes helped to make the evening pass very enjoyably, and votes of thanks were passed to the officers and executive for their good work during the season in providing three very enjoyable competitions.

**The Solid Growth of Local Weekly Newspapers**

The High River Times, published for over twenty years by Charles Clark, and which has the distinction of the Prince of Wales on its subscription list, publishes the following interesting article upon the local newspaper:

"In spite of the fact that the Metropolitan Press now reaches into nearly every town and village in the country, the local newspaper is each year getting on a firmer foundation and becoming more and more useful to its home community. It may be said that the day of the metropolitan newspaper is at hand; this is true, but it is equally as true that the day of the local newspaper is here too. The metropolitan daily with its world wide news, its comic sheets and its magazine supplements, while of course essential in our modern civilization, cannot take the place of the home newspaper. The very fact that the city daily must cover a broad field forbids it becoming local in any sense, and it is in the local field where the home newspaper dominates and where it finds its true usefulness. For, after all, it is the home news which is most important to us. We have the greatest interest in the community in which we live, and in the people who are our neighbors and friends. And it is the local newspaper which records the happenings of the folks at home, and in addition fosters the civic pride and progressive spirit of the community. We frequently hear it said that the old time independent spirit of a newspaper is gone, that its editorial policy is subservient to the business office. Yet this is not true. There is more unselfish idealism in the average local newspaper than in any other business enterprise."

**Secretary's Work Appreciated**

At the annual smoker of the Rod and Gun Club a vote of thanks was passed in favor of the energetic secretary, Walter S. Purvis, who has given freely of his time and energy to the club entirely gratuitously. Mayor Burns and vice-president Davidson both voiced the appreciation of the club members, and the vote passed with hearty cheers.

**Ghosts of the Past**

The good old days of steering "tillers", oil lamps and engines under the seat were brought back again the other day when Toronto held an old car parade. Thousands of amused spectators turned out to see the veterans rattle past at a shabby four miles an hour, and some narrowly escaped injury when one of the old-timers split and bucked at a corner. The 1902 Oldsmobile shown in the picture led the parade, driven by its owner, Otto Collins of Port Dover, Ont. Behind the Olds, which chugged away without a falter, is visible one of the first McLaughlins made in Canada, a two-cylinder 1907 model.

It is remarkable how very popular Horn Beer has become all over Alberta. Its excellent quality has made many friends, and what is more, is holding them.

You make no mistake when you phone for a case of Horn Beer. It is brewed with skill and thoroughly matured before being put on the market. No other beer can equal it.

**H. A. BROWN,**  
whose appointment as Vice-President and General Manager of General Motors of Canada, at the age of 37, marks him as one of the youngest higher executives in the automotive industry. Mr. Brown has been connected with the General Motors organization for a number of years, having held the position of controller at Oshawa since September, 1924. He succeeded Gordon Lefebvre, who has assumed an important post with the Oakland Motor Car Company at Pontiac, Michigan.

**Here and There**

What is considered the largest grizzly shot in the Canadian Rockies this season was taken by Miss A. Van Vleck, daughter of Ernest Van Vleck, prominent New York architect, who headed a hunting party into the Selkirk district. The party went in north of Revelstoke.

An amount of grain greatly in excess of the entire production of western Canada in the year 1897, 4,454,000 bushels, were hauled to elevators over Canadian Pacific lines in one day in the west during the middle of October. This constituted a record haul of grain for this railway company.

The second shipment of horses from Canada to Russia was a record shipment, according to Louis Kon, Soviet representative, there being only one horse that died during the passage. The next shipment is expected to go forward in November, and this will bring the total number up to 3,300.

G. N. Torgren, ex-M.P. for Sweden, recently left for the Peace River Country in order to locate suitable farm land for the establishing of a large colony of Swedish farmers, who are said to be in a position to undertake farming on an extensive scale. He has already canvassed Mexico and the Southwestern States, which he finds unfruitful.

The new Canadian Pacific Railway elevator at Midland has begun to receive grain, and shortly all the construction work will be complete and all departments of the plant in operation. The opening of this elevator marks the extension of Canadian Pacific enterprise to another port on the Great Lakes and a new factor in retaining a greater proportion of the Canadian export grain trade for Canadian ports.

The largest party of major league baseball stars to hunt moose in New Brunswick entered the woods for a two-weeks stay after the World Series. The party entered at Clarendon on the Canadian Pacific main line and included Benny Bengough, Mark Koenig, Eddie Collins, Joe Bush, Sam Jones, Fred Hoffman. A number of newspaper writers and cameramen were included in the party.

The two new Canadian Pacific passenger ships, "Duchess of Athol" and "Duchess of Bedford," now being built for the St. Lawrence route (Liverpool to Montreal), will be two of the finest vessels afloat, according to plans and specifications. Their gross tonnage will register 20,000. They will be twin screw with geared turbine engines. They will have a length of 396 feet, a breadth of 75 feet and a speed of 17 1/2 knots. Both ships will have accommodation for 572 cabin, 480 tourist third class and 598 third class passengers.

The initial consignment this year of Canadian apples for Great Britain, has gone forward on the Canadian Pacific liner "Montrose" from Montreal. They are consigned by the Fruit Branch of the Dominion Department of Agriculture from the Province of Ontario and consist of forty standard boxes containing about 4,000 apples to be put on exhibition at the Imperial Fruit Show scheduled to be held at Manchester this month. Varieties include Golden Russet, McIntosh, Spies Greenings, Stark, Tassan Sweet, Wolf River, Cran Pippin and Baxter. On the same vessel are 32 cases of vegetable stig for exhibition in England.

To make the best use possible of each day as it rolls around should be our constant endeavor if we are to really enjoy life. The man whose days are spent in useful occupation has no time to spend in worrying.

## WORLD HAPPENINGS BRIEFLY TOLD

A new mining area thought to be extremely rich in lead, zinc, silver and gold has been discovered in Northern Manitoba.

Lieut. Col. R. G. "Bob" Thackray, M.C., who served with distinction with the Canadian artillery in the Great War, died recently at Quebec.

Half losses totalling approximately \$2,500,000 were incurred by the insurance companies operating in the three prairie provinces during the 1927 season.

One of the largest fish in the trout species yet caught in Alberta, if not the largest of the kind ever caught anywhere else in the Dominion, was taken out of the waters of Lake Athabasca recently by A. A. Arason, a fisherman.

Bread prices at Vancouver are down approximately ten per cent, according to an announcement by the Master Bakers' Association. A loaf will in future cost nine cents, or three for 25 cents.

The city of Calgary has been presented with a model of the White Star liner *Calgary* by officers of the steamship company. Leo Tolin, general passenger superintendent of the company, made the presentation.

Russia has notified the League of Nations that the Soviet government will participate in the work of the preparatory commission on a disarmament conference, it was announced at League headquarters at Geneva.

The Westminster Gazette announces that Miss Mercedes Glutz, the London typist and channel swimmer, will make an attempt to swim the Straits of Gibraltar in December. The distance of her contemplated swim is about 27 miles.

The Right Rev. Genaro Hayasaka, the first Japanese in the history of the Roman Catholic church to be made bishop, received the mitre, crozier, ring and gloves, emblematic of his office, from Pope Pius XI in an imposing consecration ceremony in St. Peter's.

Immigration during the last six months totalled 109,000 persons as compared with 90,000 in the same months of 1926. The gains over last year were made in April, May and June, while the July, August and September figures show a slight falling off.

Another proposed trans-Atlantic flight this year has been announced. Cesare Sabeili said he and three companions would attempt the 4,500 mile air jump from New York to Rome late in December, and that he hoped to land in the Eternal City of New Year's day.

## Possibility Of War Remote

Last One Taught World a Lesson Says Austrian Ambassador

Possibility of another world war in the near future is very remote in the opinion of Baron George Franchetti, Austrian ambassador to Great Britain.

"The last war taught us a lesson we will not speedily forget," said the ambassador. "It was a colossal catastrophe that even now the world has not yet recovered from its blow."

The baron is in Canada to arrange for the sending of Austrian peasants to the Dominion to take up farm lands.

The strange thing about the modern dance is that it is a dance in the first place, and after you learn it, it's no longer modern.

The only thing that stands between some people and the top of the ladder, is the ladder.

## Canada's Mail Service

Has Reached Huge Proportions Since

Seventy-eight years ago on the 25th

of July last the Imperial Government

granted Canada the right to administer

the postal service, a "concession"

which had been asked for years.

For now living can remember that

event, and yet only those whose

memories carry them back to at least

the early years of Confederation are

capable of realizing how unreckonable

have been the betterments in postal

communication during the intervening

decades. In fact, it is peculiarly

significant of our time that the younger

generation seem to take it for granted

that public services were always

efficient and speedy. They know nothing

from experience of the conditions

which obtained when the Dominion

had its birth in 1867, and are therefore

unable adequately to value the privi-

leges enjoyed in common today.

The mail service of Canada has

reached huge proportions. From the

crudeness and inefficiency of the period

when control passed into the hands

of the local Government seven

years ago it has attained a highly

organized state. In the gross

revenue side it represents something

like \$45,000,000 per annum, involving

the issue of about \$35,000,000 in

stamps. We may get a notion of the

advance that has taken place when it

is said that if the postal rates on the

value of money handled were the

same as at the commencement of the

nineteenth century, the resultant

receipts would be sufficient in a single

year to pay the net debt of the Dominion.

Yet the transmission of letters is

not the sole function of the postal

service of today. It is also the medium

for an immense volume of financial

business, by means of orders and

notes, as well as the transmission of

parcels. In short, it is deeply im-

woven with the entire economic and

social life of the people. Perhaps the

only way a just appreciation of its

comprehensive value could be brought

about would be by suspending it for

a week or ten days.

## This Discovery Will

**Benefit Millions**  
Mr. W. J. Dorris, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but finally found a purely vegetable laxative pill in the best daily regulator I have ever taken."

## Plan For Coronation Of Japanese Emperor

Elaborate Ceremony Will Take Place In November 1928

Elaborate plans for the preparation

for the coronation of the Emperor of

Japan in November, 1928, are being

made. Early next year an announce-

ment of the date of the event will be

made to the spirits, according to the

recent decision of the Preparatory

Committee for Coronation. In Febru-

ary, in February, will be held the

ritual of the selection of the sacred

field where rice to be used in the cor-

onation will be grown. This will con-

sist of the burning of a torii, the

fasting of the sacred field, and the

indication of the location of the

sacred field. Then will follow an

elaborate ceremony by specially re-

ligious men in planting the sacred

rice. The coronation of the emperor

will be selected in advance by the

local prefectural governors.

## RUN DOWN IN HEALTH

Why Many Men and Women Are

Badly Handicapped

When you are run down in health

that it impairs the efficiency of your

work as well as your power to enjoy

your leisure hours, or obtain rest, it

is time you looked to the cause. If

you do not, a serious breakdown is all

too sure to result. In nearly all

cases this condition, which doctor

usually describes as general debility,

is due to poor blood. Blood that is

deficient in red corpuscles. When the

blood is thin and weak your whole

system suffers. You lose energy, have

no energy, your nerves tremble, and

you feel restless.

What you need is to build up your

blood and you should begin at once

to make your blood rich and red by

taking Dr. Williams' Pink Pills. You

will soon notice the difference in

your health by a better appetite and

increased vigor. The reason is that

the new blood created by Dr. Wil-

liams' Pink Pills improves all the

organs of the body to healthy action,

so the system gains new strength

through by taking Dr. Williams' Pink

Pills. It was in a sickly way that

providence," says Mrs. J. Porter, of

Winnipeg, Alta., "when I began

taking Williams' Pink Pills, my

body was so weak that I could not

fully restored my health. I strongly

recommend this medicine to all weak

people."

Dr. Williams' Pink Pills are sold by

all retailing dealers, or by mail at

50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

## Planning Four-Day Liners

Dut Service Would Not Pay When Air-

planes Are Perfected

Announcement that a group of

American business men will build a

series of 22 knot 20,000-ton liners to

cross the Atlantic in four days must

raise a doubt in the mind of the

marine engineer. It is not a tech-

nical impossibility, but the

ships can be built with engines of

sufficient power. Battle cruisers and

destroyers have plowed the main at

speeds even greater than those pro-

posed. But what a price in en-

ergy and fuel! Even if we grant

that perfect streamlining of hull,

stacks and other projections will re-

duce the resistance of air and water

four-day liners must be packed with

explosives and boilers. Little room will

be left for passengers or fast freight.

Apparently, the sponsors of the new

line are fully aware of the obstacles to

be overcome. Even if twice or three

times the present highest minimum

trans-Atlantic fare is charged, four

day liners will find it hard to make a

profit. The American part of the pro-

posed line is to be New London, Conn.

By thus forsaking New York as a ter-

minus almost a day is gained at one

stroke. It is not astounding to learn

that the new liners are to be built

largely with money borrowed from the

Shipping Board at a low rate of in-

terest. There is also the probability

of receiving heavy payments for carry-

ing mail at a speed unprecedented in

the merchant service.

The more the uncertainties of ocean

traveling have been tragically elimi-

nated during the summer, who can

doubt that the day of the trans-Atlantic

airplane dawned with the success-

ful voyage of Lindbergh and his com-

pany? Aeronautic engineers have not

hesitatingly predicted that passengers

can be carried between Europe and

America in easy stages through the

air at a fare of not more than \$300. It

may be doubted if a four-day trans-

Atlantic liner could charge less than

\$750. There remains the airplane's

speed. The four-day liner might pay

the fare, but what would be its chances

when it must compete with a two-day

liner?—New York Times.

## Novel Experience For Turkey

Holiday Observed While First Census

Turkey has been taken

experience, namely the taking of its first

census.

The surprising populace was con-

vinced that the only possible motive

in such a counting of heads was to

facilitate the attentions of the tax

gatherers.

To offset the opposition, the gov-

ernment decided to keep the census

at home while the counting was pro-

ceeding. For this reason, Friday,

which is a Turkish rest day, was

chosen.

From the first stroke of dawn, Cen-

## Says Marriage Prolongs Life

## Wives Live Longer Than Single

## Women Declares Actuary

Married women live longer than single women, according to the British Government Actuary, Sir Alfred Watkin.

In a report on life tables based on the population as returned in the 1921 census, and on the average number of deaths recorded in the three years 1920-22, rates of mortality for single, married and widowed women show that the advantage lies with the married woman.

At the youngest ages for which comparison was possible the lightest rates were those for single women. Rates for single and married women differed but slightly between the ages of 24 and 27. But thereafter the rates for married women were usually lower than those of single women or widows, while rates for widows were invariably heavier than those for single women or wives.

What is wrong with the tea? If this question is ever asked at the table you may find that the tea you are using was in a poor package. Careful experiments have proven that Aluminum is the only fit package to keep good tea in. You should try Red Rose Tea and see how fresh and brisk and pungent it is in the Aluminum package.

In the drawing room all eyes. It seemed to have about it a proud aloofness, with its own little room and towels, and abundance of room, while the car outside was crowded. It flattered her, too, to notice how attentive the porter was, though she was shrewd enough to connect it with the generous tip which she knew Mrs. St. John had given him, endeavoring in him thereby that gratitude which shades delightfully into cultivation.

Next St. John had told her that when she went for her mail it would be well to carry a book—a book keeps chance acquaintances at a distance, for it plainly means "Keep away," "I'm busy," "I'm occupied," and just now conversation was not desirable. Helmi's Finnish accent might betray her. All these instructions, hurriedly given though they were by the way to the station were strictly obeyed. She remembered to walk languidly, tip generously and betray no open interest in her surroundings. It was well to let her fellow travelers think that traveling was an old story to her, that she was a girl who knew the ropes. A tired mother with a swarm of sticky children occupied a double seat halfway down the car. When Helmi came out of the drawing room, she passed them on her way to the diner, the woman looked at her curiously. "I hope that girl knows when she's well off," she said. "Gosh! It's like that ought to have that sort of a girl with this kind of a wife, where I could walk them in peace without having folk stare at me. But that's the way of the world! Then that has gone! People with big families have small houses, people in big houses have none at all. It sure does sound strange—but what can a person do? Maude, I'll say you could if you don't stop teasing the baby."

When Helmi was on her way back, the family car of extra ordinary commotion. Charley, the five-year-old, was getting a temporary cleaning up by the mother known as a "spit-wash," the young girl, who had not yet reached the age of ten, was being scolded by the mother for not being tidy, and to the whole base principle. In addition to her operations on Charley the mother was trying to quell the riot that had broken out between Maude and the baby over the extra of a nut in the general turmoil of coats, hats, oranges, bags and toys which were wedged in between the children on the seat. "Maude, stop! Don't take that nut from him, it's his!" The baby had the nut, Maude hoarsely protested. Maude's voice was hoarse with roaring. Maude had to roar if she were to be heard above the family car. "Oh, leave him alone, let him have his nut, it's his!" the mother in despair. "Let me have a moment's peace, give him the nut, it's his!" Helmi, who was a fugitive from the law—she only knew that there were people who needed a friendly hand of the sort that she could supply.

(To Be Continued.)

Bob—"It can't fight!"

Pete—"Can't, eh? Say, when he swings and misses, the other fellow gets pneumonia."

Girls beg the question when they try to induce men to propose.

## Large Pimples Lasted A Year Cuticura Heals

"My face and neck were all covered with pimples. They were red, hard and large and festered and scaled over. For a while the itching and burning were so severe that I could not help scratching, and my face was disfigured. I lost my sleep for about a month on account of the irritation. The trouble lasted one year."

"I used other remedies but they failed to help me. I was for a few weeks of Cuticura Soap and Ointment. After using it I purchased one box of Cuticura Soap and one box of Cuticura Ointment in a month and a half I was free of my pimples. (Signed) Miss Emily Doh, Riverport, Mass."

Clear the pores of impurities by daily use of Cuticura Soap, with brushes of Cuticura Soap and Ointment. Cuticura Soap and Ointment are needed to soothe and heal. Cuticura Soap and Ointment are the only remedies for pimples, acne, and skin diseases, an ideal toilet powder.

Solely Sold by Wm. L. Abbott, Canadian Agent, 1000-1001, 1002, 1003, 1004, 1005, 1006, 1007, 1008, 1009, 1010, 1011, 1012, 1013, 1014, 1015, 1016, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1028, ## Personal and Local

Mr. and Mrs. C. S. Ouimette spent the holiday in Calgary visiting friends.

The next meeting of St. Alban's W. A., will be held in the parish hall on Thursday, Nov. 17, at 7.30.

Mrs. George Pattinson has been on the sick list during the past week.

Mr. and Mrs. C. W. MacKinnon, spent Thanksgiving with friends in Calgary, returning on Tuesday.

A meeting will be called shortly to arrange for the flooding of the skating and curling rinks and to organize for the winter.

Mrs. O. E. S. Whiteside returned last week from Sarnia, Ont., after several weeks visit with her father.

Agnes Kellcock arrived on Saturday from Mount Royal college to spend the Thanksgiving holiday with her parents.

Mr. and Mrs. Thos. Johnston have moved to their old home on Second street, recently vacated by Frank Graham, who has moved into his new residence on Fifth St.

Miss Florence Cox, graduate of the Jean Carroll School of Beauty Culture, Calgary, will do marcelling, etc., in the evenings and on Saturdays, by appointment. Phone 295D.

Captain and Mrs. Hind of the Salvation Army will be in Calgary for ten days. On Nov. 13 Mr. Holmes will take the services and Mrs. E. Rhodes of Bellevue on the 20th.

Mr. and Mrs. Harold Houghton and two children motored from Calgary to visit the former's parents and his brother and sister. In spite of the snow he left on Tuesday for home and made good progress.

Jean Pattinson entertained a number of girl friends on Friday evening. The evening was spent in playing cards and games. Honors were won by Margaret Price, and Ethel Wilson carried off the consolation.

The prize winners at the weekly whist drive of St. Alban's W.A. last Saturday evening were Mrs. Caroe and Mrs. Daloe, and Geo. A. Brown and L. Crooe. These whist drives are held every Saturday evening and prizes are given and lunch served. The admission fee is 50c. St. Alban's parish hall.

The Palace theatre management offers an apology to the Rod and Gun Club for not running the Dempsey-Tunney fight pictures first on the Monday evening program as promised, but the film was unavoidably held over at Blairmore, and was shown later in the evening.

At the weekly whist drive held in the Moose hall last Saturday night, prizes were won by the following: Ladies first, Mrs. Ireland, second, Mrs. Maltus. Gents first, Mr. Anderson, second, Mr. I. Thomas. Cards were followed by supper and a dance which was largely attended.

Thos. Holstead of The Journal office and William Lonsbury spent the week-end at Spring Point and Macleod visiting friends. They found the snow on the prairie just as deep as up here in the mountains, and prospects were considered very doubtful for the completion of threshing, of which there is a considerable amount to be done.

Miss Hilda Houghton returned to the hospital on Sunday after a brief stay at home, the trouble in her jaw which has caused her much suffering in recent weeks being very painful. It was only on Saturday that she went home from the hospital, but her suffering became so acute that it was decided to again remove her to the hospital. Her many friends hope that she will soon recover.

Fire shortly before midnight last night destroyed the home of S. Manlik in East Coleman. The family lost everything, except the clothes they escaped in.

The literary society of Blairmore high school entertained in the greenhouse grill on Friday evening. Several of the students gave a short musical program, which was followed by the "stunts" of Grade XI students, causing much laughter. The latter part of the evening was spent in dancing, terminating at midnight, Mrs. Altemus's orchestra supplying the music. Coleman high school was represented by Madge Halliwell and Idris Haysom.

## NOTICE

In the Matter of an Explosion which Occurred on or about the 23rd Day of November, 1926, in a Coal Mine Operated by the McIntyre Creek Coal & Coke Company Limited, at Coleman, in the Province of Alberta.

The Lieutenant-Governor in Council, of the Province of Alberta, in pursuance of the Revised Statutes of Alberta, 1922, has appointed The Honourable Horace Harvey, Chief Justice of Alberta, as a Commissioner to conduct an inquiry to ascertain, as far as possible, the cause of the said explosion, and to report thereon to the Lieutenant-Governor in Council.

The said Commissioner will proceed to hold the said inquiry at the Town Hall, in the Town of Coleman, Alberta, commencing on Tuesday, the 13th day of November, 1927, at 10 o'clock in the forenoon. The undersigned will be in attendance at the Town Hall in the said Town of Coleman, each day from and including Thursday the 10th day of November 1927, to the date of the said inquiry, and during the continuance of the hearing, and all persons having any knowledge or information directly or indirectly respecting or concerning the said explosion, or the subject matter of the said inquiry, are requested to furnish them with any such information, and further to communicate with them the names and addresses of any person or persons likely to have any such knowledge or information together with all other requisite particulars, and are further requested to attend at such inquiry and if necessary to give evidence thereat.

Dated at Edmonton, Alberta, this 24th day of October, A.D. 1927.  
H. OSTLUND,  
H. H. FARLEE,  
Of Counsel for the Commissioner
